THE COLLECTION 2012

SURPRISE

CR1.0

WWW.ORIBIKES.COM

ORIGAMI Spirit Within

Inspired by Japanese traditional craftsmanship, Origami means “the art of folding paper”.
The spirit is to create the most delicate patterns by using minimal papers and cutting. ORi, branded as the name of it, follows the same way to create folding bikes with smart and neat designs. Whether you are heading for work in the MRT, relaxing on the weekend or traveling further afield, ORI offers an enjoyable, convenient transport solution.
Take control of your journey and enjoy the freedom that only the folding bike can offer.

FEATURES

IRC INSTANT REBOUND CATCH

The Instant Rebound Catch (IRC) mechanism enables ORi to fold up in seconds and easy to carry and store. The brilliant idea is inspired by the simple and intuitive operation of airplane safety belt. IRC also works as a reliable hinge locking the bike together when unfolding. Thanks to IRC, the safety and convenience are perfectly connected together.

Anodized frame is tough,light and will look good for years to come.

At the front of the bike we use the award winning CLIX quick release, the only QR that can be operated one handed.

★ Approximate unfolded size L:1430 W:550 H:1000(mm) Wheelbase:980 mm BB height:300mm
★ Approximate folded size L:690 W:310 H:630(mm) Volume:0.134m^3
★ **ORi** is designed and tested for use by riders weighing up to 100kg

FOLD/UNFOLD

Folds up in seconds into a compact form that is easy to carry and store. Inspired by the simple operation of an aircraft safety belt, our instant rebound catches are intuitive and easy to use with a failsafe locking system. Make folding and unfolding your bike a snap!

2012 ORi

GET READY FOR BETTER

NEW ORI SURPAZ BIKES ARE MADE USING ALL NEW ANTI-WRINKLE CARBON TECHNOLOGY. BETTER STIFFNESS, BETTER WEIGHT, BETTER COMFORT, BETTER PERFORMANCE AND BETTER RIDE!

CR 1.0

THE LIGHTEST ROAD RACING FOLDING BIKE ON THE MARKET. LIGHT, RIGID AND COMFORTABLE TO RIDE.

CR 87

LIGHTWEIGHT, GOOD HANDLING, FLAT-BAR RACING BIKE. YOU NEVER FEEL IT S A FOLDING BIKE.

CR 3.0

FOR RACING OR TOURING. ECONOMICAL, LIGHTWEIGHT AND EFFICIENT.

AR 18

HYDRO FORMED, ELEGANTLY DESIGNED 6061 ALUMINUM FRAME. LIGHTWEIGHT AND RIGID TO RIDE. FOR SUNDAY RIDES OR SHORTER TOURING.

SURPAZ

PASSION FOR EXCELLENCE.
PASSION FOR CHALLENGE.
PASSION FOR SURPAZ!

IDEOLOGY

CR1.0

The full carbon folding bike SURPAZ symbolized a brand new stage of ORi . By perfectly combines aesthetics and power together, SURPAZ has evolved into the next era in the category. The unique streamline design, strengthened lightweight frame and high-end specification make your SURPAZ experience compare to none. With specially designed hinge catch and ingenious folding mechanism, SURPAZ is at the scratch line to fulfill your fantastic dream toward a topnotch folder.
Like no other!

ORi
SINCE 2004

SURPAZ CR1.0

New for 2012, ORI CR1.0 carbon frame are made using new anti-wrinkle carbon technology. Not only enhanced stiffness but also lightweight. Also, expanding the seat tube size from 27.2mm to 31.6mm to strengthen riding stiffness. The CR1.0 is designed for high performance racing, lightweight and efficient.

QUALITY AND TECHNOLOGY

ORi bikes are tested and recognized by professional examinations to assure every folding bike's safety and quality. Before new models hit market, the handlebars and stem have to pass the fatigue test to ensure the long-term performance. Besides, the DIN plus test in Germany was applied for examining the robustness of design as well. Thanks to the toughest and the most grueling lab test process in the industry,the making of ORi is thoroughly guaranteed by the credible certification.

ORi applied anodized finish for all models not only for better scratch resistance and durable reason, but a higher cause for earth-friendly materials and processes. Unlike the painting products, the production of anodized frame lays less stress on the environment. It is also easier for recycle and disposal. These efforts represent ORi's endless pursuit for the balance among riders, bikes and our environment.
